Act - Places of Public Resort Act - South Kanara District -Laxminarayana Touring Talkies, Coondapur - Extension of licence - sanctioned - x.x.x.

Copy of extract of notes from the file of Home Department bearing current No.77472.

The case relates to the request of the manager of Sri Laxminarayna Touring Talkies, Coondapur, to exempt the cinema from Rule 56 of the Cinematograph Rules. In 1949, the cinema was granted exemption from Rule 56 of the Cinematograph Rules upto 30-4-50 subject to the condition that the proprietor of the cinema constructs a permanent theatre before that date. The Collector of South Kanara has reported that the petitioner could not complete the construction of a permanent theatre owing to non-availability of iron and cement, that the permanent theatre is being built by Kanara theatres, which is expected to be completed in December 1952 and that it will be leased out to the proprietor of Laxminarayana Touring Talkies. He adds that the population of Coondapur is over 50,000 including the population within three miles radius and that the residents have no entertainment of any kind at present, the nearest permanent cinema being a Udipi 23 miles off and the nearest touring talkies at 31 miles off. The Collector, therefore, states that a touring talkie is quite necessary at thisplace and therefore recommends that exemption may be granted to the cinema from Rule 56 of the Cinematograph Rules upto 31-12-52. On a petition dated 31-3-52 from the Manager of the cinema, H.M.(H) as ex H.M.(Agri) minuted as follows:

"If there is no other applicant, the petitioner's talkies may be given extension of time as requested as there seems to be no permanent theatre at Coondapur.

A.B.S/31-3-52."

This department proposed that exemption from Rule 56 of the Cinematograph Rules may be granted upto 31-12-52. Health have agreed. A draft order is submittedfor approval. May be circulated to H.M.(Law) and H.M.(H) for approval.

M.B.Shetty/3-5-52.

In the circumstances of the case, exemption may be granted up to 31-12-1952 when the permit structure is likely to be completed.
